Subject: Briefing topics for Susan B and Patrick

Here is what the divisions suggested as possible topics. When the dust settles a little more, we may want to add something on payments to 3rd parties/SEPs/mitigation (although that could be paper only - maybe 2 pages). I think we should also have Amy's folks - likely Carol/Lauren - start drafting a short document that describes in broad terms the HQ-regional reporting relationship, which is a combination of the NSI process and the delegations (and attach the NSI memo and maybe a representative sampling of delegations). Again, I think just paper, as opposed to a verbal briefing. I do think we will be asked about these, so it strikes me as prudent to start drafting now to have in our hip pocket.
